# Why Light Source Solutions?

We can light almost anything! The brightness levels will exceed your highest expectations.

At **Light Source Solutions** we focus on designing, manufacturing and delivering excellent quality innovative solutions of LED technology (*Light Emitting Diode*).

**Light Source Solutions** provides LED Modules and Power Supplies to the sign industry for Channel Letter signs.

“Green” or “Environmentally-Friendly” concepts are a growing trend through the world. LED lighting specifically contributes to this cause by providing an energy efficient, durable, and fire and toxic-safe solution.

**Light Source Solutions** was founded to develop, manufacture, design and market the highest quality LED lighting products that utilize the LG™ and Samsung™ LED chips.

LED lighting presents a wide range of solutions and applications for the sign industry.
